

## **The Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability (DRC) and the UCA.**

You may be aware that this Royal Commission is underway. As is always our custom, the Uniting Church in Australia is relating openly and actively with inquiries we receive about vulnerable groups and people in our society.

Consequently, the Assembly Standing Committee requested all Synods establish a Disability Royal Commission Response Task Group and this has been done.

### **Opportunity to share stories with the Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability (DRC)**

Synod wants people to know they have the opportunity to recount their personal experience to the DRC.
